

Notice Regarding the AME MMIS Project

The Department of Human Services and the Office of State Procurement recently issued solicitations for the following components of the AME MMIS System project: Project Management Office, Core project, Products, and Professional Services.

After a thorough review and assessment, the Department of Human Services has determined that awards of contracts cannot and will not be made from any of these solicitations. Accordingly, the above requests for proposals are cancelled. See Ark. Code Ann. § 19-11-230(g). The State plans to seal the files, reconfigure the specifications, and reissue two (2) new request for proposals (RFPs). One RFP will include the Project Management Office and the other RFP will be for the MMIS Solution which will include the Core, Products and Professional Services. Because of the length and complexity, these new solicitations will take time to issue. You will be notified when the new solicitations are placed on the Office of State Procurement website.

The Office of State Procurement will issue the new solicitations, with Susan Rojas, ERP Project Manager, susan.rojas@arkansas.gov as the primary contact for the State. If you would like to discuss the new solicitations further, please contact Susan at 501-683-0641.
